Subject: Warkworth and the Draft Amendment to Mining SEPP
Date: Sunday, 6 September 2015 7:11:15 PM

Dear Planning Assessment Commission,

Warkworth must be approved. Mining is the fabric of Newcastle, Lake Macquarie and the Hunter Valley and has delivered prosperity for the region. At the same time they are beautify regions, towns and cities that have not been damaged by mining but in fact grown, matured, been assisted and flourished because of it. Today we have far greater requirements, systems, rules, regulations and monitoring. Warkworth cannot be denied.

Yours sincerely,
Steve Burraston
