Subject: Warkworth and the Draft Amendment to Mining SEPP
Date: Wednesday, 26 August 2015 7:34:41 AM

Dear Planning Assessment Commission,

I strongly support a decision to allow Warkworth to continue mining not only for the sake of its employees and their relative families but for local business, council upgrades and maintenance, local schools . NSW planning and infrastructure , coal is a sunstainable energy source, especially with all the investigation that has gone into its handling and transporting and safe usage.

Yours sincerely,
Stephen Pratt
