Subject:
PublicHearing - Shenhua Watermark at Gunnedah 26th June 2014.

Dear Commission Secretariat.

I thankyou for this opportunity to express my personal support regarding the planning and preparation that Shenhua Watermark have been undertaking over the past number of months and years , to develop an Open Cut Coal Mine in the Watremark / Breeza area .

I am a local Resident of Gunnedah , I own and operate a small business as an Electrical Contractor, and I also have a roll in the community as a Senior Pastor of a Christian Church (Turning Point Christian Outreach Centre)

It is my firm belief that the presence of the Mining sector, including Shenhua Watermark , in the Gunnedah town ship and district , has benifited the cummunity both economically and socially a great deal .

I see the benefits through my contacts with the community in business , and also in the lives of the people in the congregation in thae church which I pastor.

The health of the community is obvious and very evident.
Any difficulties or problems that other sectors face with because of the presence of the mining sector, are not problems that cannot be addressed or overcome.

The Shenhua Watermark Project has my full support.

Yours Sincerely,
Neville Mammen
