<p><b>Updates:</b>  <u>10 May 2017</u></p> <p>On 10 May 2017, Mr Ross Carter provided the following declaration to the Chair of the Planning Assessment Commission:</p> <p><i>The Commission takes its independence very seriously and in this regard I consider it important to note that I previously worked for the NSW Environment Protection Authority from 1992 to 2006. In the ten years since I left that organisation, I have continued to have social contact with some former colleagues that are still NSW EPA officers. However, consistent with the Commission's Code of Conduct I do not discuss matters that are before the NSW PAC with any officers of the NSW EPA outside of formal briefings and meetings recorded as part of the Commission's processes."</i></p>		
<p>This register is made upon the nomination of Commissioners to the determination or review panel. It may be updated if actual, potential or perceived conflicts arise during the determination or review process.</p> <p>For further information about conflicts, please consult the Planning Assessment Commission Policy on Personal Interests of Members, which is available to download on the Commission website:</p> <p><a href="http://www.pac.nsw.gov.au/resources/pac/media/files/pac/general/">http://www.pac.nsw.gov.au/resources/pac/media/files/pac/general/</a></p>
