Subject: Written Submission against HoldMark in Meadowbank
Date: Saturday, 11 August 2018 12:55:07 PM

Please do not give HoldMark anymore power to abuse the residents of Meadowbank and over develop our area even more they have already.

There is no infrastructure to support their money grubbing over development. Residents are living with development fatigue, with no reprieve in sight.

Consideration for those poor people who've paid a fortune to HoldMark to then have to live and to amongst temporary partying Airbnb tenants and temporary drug labs.

Please please stop this insanity by HoldMark.

How about have them provide some green space and contribution to the community, instead of the over development they continue to push on us.

They are already holding up residents DAILY with their trucks and traffic privileges.

Please help us and not approve their sneaky way of trying to get around the DA rules.

Kind regards,

Emma Logie
