My family live on the farm Looanga and are prepared to have turbines built on our property. I am 88 years old and may not see them finished but i hope the following family members will benefit from our joint family decision.

We discussed many things before deciding to go ahead and believe it will benefit much more than just our family. Branching out to the surrounding community with jobs and security in these difficult economic times.

Gods speed and i may just see them up and running.
