

7TH February 2016

[REDACTED]

Aaron Brown
Project Support Officer
NSW Planning Assessment Commission
Level 13, 301 George St
SYDNEY NSW 2000

Dear Mr Brown

My name is John Hundy, I am a resident of Pyramul and also a host landowner for the Crudine Ridge Windfarm on the property, 'Glenroy'.

I support the construction and operation of the windfarm, so long as all appropriate laws and regulations pertaining to windfarms in our country are followed for this project and all reasonable steps are taken to address the public and community concerns.

I believe renewable energy sources such as wind and solar and other emerging technologies can help reduce reliance on fossil fuels which are having a negative effect on our Earth. We have an obligation to pass the Earth on in better condition than we received it.

Yours Sincerely

John Hundy
