Subject: Concerns regarding Moorebank Freight Terminal
Date: Tuesday, 2 February 2016 9:03:26 AM

To Whom it May Concern

My name is Matthew Child and I live at [REDACTED].

Myself and my family and other local residents are very concerned regarding the potential detrimental effects of a freight terminal located at Moorebank. Our concerns focus on the following:

- Pollution concerns. Specifically noise, air & light pollution.
- The impact the extra truck movement would have on our local roads. Especially being the extra traffic congestion, damage to the roads and the danger these trucks pose while driving near a heavy residential area.
- The effect the site will have on Anzac creek and the Georges River and other parklands.
- The effect the terminal will have on local schools and child minding centres
- A significant drop in our property prices.

As a local resident I cannot see any positive benefits of the project going ahead for the residents of South West Sydney. The project needs to move to a more appropriate location.

Regards

Matthew Child
