Dear Commissioner

Thank you for notifying WaterNSW of the exhibition of additional materials for the Hills of Gold Wind Farm (SSD-9679).

WaterNSW made previous submissions via the Department on this proposal.

We have no specific comment to make with regards to the additional material. However we wish to reiterate that we are supportive of the Department's Recommended Conditions of Consent (Instrument of Consent), as the Department has considered our previous comments and updated the conditions accordingly, especially with regards to soil and water management and mitigating impacts to Chaffey and Glenbawn Catchments and nearby water quality monitoring equipment.

Should you have questions with regards to this response, please do not hesitate in contacting me.

Kind Regards

Justine Clarke (She/Her)
