Topic 1. Sustainability of current and future forestry operations in NSW

They are not - end them.

Topic 2. Environmental and cultural values of forests, including threatened species and Aboriginal cultural heritage values

Vital - save them all.

Topic 3. Demand for timber products, particularly as relates to NSW housing, construction, mining, transport and retail

Topic 4. The future of softwood and hardwood plantations and the continuation of Private Native Forestry in helping meet timber supply needs

Plantations should be the source.

Topic 5. The role of State Forests in maximising the delivery of a range of environmental, economic and social outcomes and options for diverse management, including Aboriginal forest management models

Management means stop destroying habitats.
