*I am a third generation resident of the Southern Highlands and I strongly oppose to the plastics recycling plant being built in Moss Vale. I believe the environmental impact on our beautiful Southern Highlands will be shattering, especially with the risk of fire an no exclusive zones between residential homes and a daycare center. It terrifies me to think of the impact on our community.*

*I strongly support recycling but this site location is unsafe and not the right spot for the size of this enormous facility.*

*Please say no to PlasRefine being built in our beautiful community. The risks are just too high.*
