This is a disgrace to property owners in the southern highlands. We cannot blindly trust the belief that this will not have an impact. I am concerned how this will affect health, one hundred percent and am committed to leaving the area if this goes ahead. If you are reading this and in any position of power, ask yourself if you'd allow your children to be downwind from a plastics refinery [REDACTED] Even the person in charge at bowral doesn't notify the EPA when they should, this will be worse!! Get real.
