Organisation: N/A	Key issues: <i>Social impacts, Visual impacts, design and landscaping, Land use compatibility (surrounding land uses), Traffic, Other issues</i>
Location: Redacted	
Attachment: N/A	

Submission date: 11/25/2024 4:04:23 PM

*I strongly object to this proposal going ahead.*

*It seems madness this has even been considered given the proximity to a town, a school, farm lands, the nature and history of the company.*

*The government should put in more energy into reducing the amount of plastics to begin with.*

*This development has the potential to create more harmful implications on human health and the natural environment.*
