To whom it may concern

I am writing this email to advocate my support for the United Wambo JV, which is at the planning stage and due to have a formal decision by the PAC handed down.

I have been employed at the Wambo complex for over 5 years now in various capacities, and am very keen to see this J.V be approved, this will obviously improve the likelihood that my employment will continue with the organisation.

I see this as a win for the local community, as this approval will give more financial security to those families that are employed directly and indirectly by way of this Joint Venture, and I'm sure these benefits will filter through the wider communities as well.
