RE: DA17/1092 - 13 - 15 Park Road WALLACIA NSW 2745

I would like to strongly oppose the proposed development of a cemetery and crematorium on the current site of Wallacia Golf Course. [REDACTED] When we purchased the property we were assured that the golf course would remain and could not be built on, due to the fact it was donated land from a local family and a caveat was in place to ensure it would remain a golf course. My first concern is the manner in which this land was sold, then resold at what seems to be a largely inflated price to the current owner.

I oppose the building of a cemetery and crematoria. I would like the golf course to remain as it is. We are already facing increased traffic and construction in the area as a result of the new airport, and adding to this is not what I want in my community. I bought my home in Wallacia because its small town, rural feel appealed to me, yet I can easily access Penrith for major amenities as required. I believe there are more suitable sites for such a development which are not in the middle of a beautiful, small town.
