PENRITH NSW 2751

Dear Madam

**RE: Wallacia Memorial Park - DA 17/1092**

I am writing in support of the CMCT proposal to establish Wallacia Memorial Park.

[REDACTED]

This found that the Penrith area was one of the most critical areas for increasing cemetery needs, as the population grows and ages over the next 50 years.

The CMCT proposal is one which ensures the preservation of the landscape and provides an important place for public recreation. The pricing offered by a cemetery trust such as CMCT ensures that affordable cemetery options are available to all in the community that are not offered by privately held cemeteries.

I respectfully request your positive consideration of this proposal.

Kind regards,

[REDACTED]
