Dear Sir,

RE:- INTEGRATED DEVELOPMENT APPLICATION No. DA17/1092

[REDACTED] oppose the above development application for the following reasons.

- The land the Golf Course is situated on was donated as a golf course and should remain as such. There is little land dedicated to sport and recreation in the area, so this land should not be taken away from the community.
- There are thousands of acres of land in surrounding areas that would be suitable for the purpose of a cemetery, i.e. farms that are lying idle, or extend the existing Kemps Creek Cemetery.
- Wallacia is a peaceful village and doesn't want a Cemetery or Crematorium.
- I have concerns that decaying body fluids may leach into local water ways and dams and end up being used in irrigation of market gardens.

I truly believe the application should be rejected by all levels of Government.

Yours Faithfully
