Integrated Development Application No: DA 17/1092

Wallacia cemetery.

If this development is given the go ahead it will disrupt mine and many other Wallacia Village Residence way of life.

I am asking council and the Sydney Western City Planning Panel to dismiss this application for an 88,000 burial plots cemetery

In the heart of Wallacia Village.

When I first heard about this development I thought someone was having a joke with the community.

Regards
