DA17/1092

I would like to submit my objection to the proposed Wallacia Cemetary & Crematoria - Reference DA17/1092.

The proposed facility is far too close to the town centre and residential properties and would negatively impact on the rural village atmosphere and surrounding property values of Wallacia. It would also result in the loss of the local sporting facilities (golf course) and detract from Wallacia's ability to attract visitors from outside the area.

A cemetary and crematoria on the Fernhill Estate would be a more suitable alternative if one option had to be ultimately selected.

Regards,
