Subject: Stop the Redevelopment of Wallacia Golf Course - I'm 10 and I say 'No' to the cemetery (Jake Jeffree)
Date: Saturday, 9 February 2019 4:12:12 PM

Hello,

I would just like to say that the idea of a cemetery in the heart of Wallacia is revolting.

The golf club is one of the 2 spots in Wallacia we can do sport. It will be sad if it goes because we will only have one, lawn bowls .

It will be heart breaking for everyone in my town and for people who visit our town to play golf, if they have to look at a cemetery.

Secondly, I believe they are putting a driveway to the cemetery opposite Water Street Wallacia. If that happens I think there will be a lot of accidents that involve the school children because that's where they turn around.

Don't do a cemetery and keep the club. If the club has to go, make a sports field for different types of sports. Give us kids and adults something to do which will keep us fit.
