Subject: CMCT Wallacia Cemetery DA
Date: Thursday, 14 February 2019 1:39:45 PM

I wish to register my opposition to the CCMT's plans to develop and build a Cemetery at Wallacia.

I am extremely disappointed that this cemetery development has been approved by NSW planning department and is sitting with the IPCN at this time. Please do not approve the plans and stop this cemetery development destroying our village, its rural environment, Jerrys creek ecosystem and the Nepean River system with pollution from ground water pollution from dead decaying bodies, the new infrastructure, increased traffic and noise. The social impact of this cemetery development will affect us all.

Many Thanks...

Richard
