Attention: Jorge Van Den Brande

Dear Jorge,

RE: MOUNT PLEASANT OPERATION MODIFICATION 3 – LATE WRITTEN SUBMISSIONS

Following the conduct of the Independent Planning Commission (IPC) public meeting for the proposed Mount Pleasant Operation Modification 3 on 4 July 2018, MACH Energy notes that a number of parties have made further written submissions to the IPC, including a lengthy submission from the Muswellbrook Shire Council dated 10 July 2018.

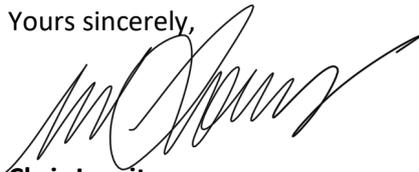

On initial review, the concerns raised in the late written submissions to the IPC appear to be generally consistent with previous Modification 3 submissions, and therefore have already been addressed in MACH Energy's Response to Submissions and the Department of Planning and Environment's environmental assessment report.

However, MACH Energy notes that the additional Muswellbrook Shire Council written submission requests changes to a number of the current draft Development Consent Conditions for the Mount Pleasant Operation, should Modification 3 be determined favourably by the IPC.

MACH Energy respectfully requests that it be notified and given an opportunity to comment on any proposed amendments to draft Development Consent Conditions for the Mount Pleasant Operation prior to the IPC's determination, should the IPC be minded to amend the draft Development Consent Conditions in response to any of the late written submissions.

Please contact the undersigned if you have any queries regarding the request above.

Yours sincerely,

Chris Lauritzen
