**Subject:** West Culburra Concept Proposal and Long Bow Golf Course  
**Date:** Sunday, 22 July 2018 8:32:07 PM

---

Attention: Commission Secretariat IPCN.

I wish to advise that I strongly support these two development proposals for the Culburra Beach region.

We have recently moved into this beautiful south coast beach township, and had been advised several years ago that a new golf course was to be developed and designed to compliment the natural beauty of this area. As my husband and sons love to play golf, it was certainly an enticement when making the decision to relocate.

The West Culburra Housing Development would be a welcomed project for this area and would inject necessary funds and interest by small businesses and new home owners, wanting to relocate to this beautiful area of the coast, plus the current small businesses would go from strength to strength.

Both my husband and myself will be attending both meetings in Culburra to show our support for these two necessary developments that will improve and enhance our lovely coastal village.

Yours sincerely

Liz Genford.
