Good afternoon Matthew

I have discussed this matter further with my colleagues and Council will not be making any further submission.

Council maintains its position as detailed in our previous correspondence (dated 23 February and 9 April 2018).

Further, Council staff will not be attending tomorrow to discuss the application as we feel that there is nothing further to add relating to the assessment of the Mod6.

If you have any further questions, please feel free to call and discuss.

Thank you and regards

Further to our telephone discussion earlier this week, I would be grateful if you could confirm whether Council wishes to meet with the Commission next Wednesday to discuss the above project.
