**To Commission members,**

**Objection to Long Bow Point Golf Course SSD 8406**

I strongly object to the **Long Bow Point Golf Course SSD 8406** and recommend that the Independent Planning Commission refuse it.

I regularly visit Lake Wollumboola to observe its amazing and unique birdlife. The prospect of this development and the threat to this environment and its birdlife horrifies me.

With the continual decline in bird habitats happening everywhere it is now more important than ever to see legislation put in place to protect a natural wonder such as Lake Wollumboola.

I am a keen bird watcher and regularly play golf. It is my opinion that another golf course in the Shoalhaven area is not a priority. There are currently five golf courses in the proximity of this proposed development. One only has to wonder in fear what affect runoff contaminated with pesticides and herbicides from a golf course would have on Lake Wollumboolas' sensitive ecology.

I believe a natural treasure such as Lake Wollumboola should not be exposed to the risks that this adjacent development would impose. Please refuse this development so this lake can be enjoyed for generations of people and birdlife to come.

Yours sincerely  
Louise Summerhayes
