To Whom It May Concern

My name is Catherine Stevenson and I live in [REDACTED] NSW.

I am 60 years old, and I have lived in [REDACTED] all my life in the same home, with my elderly mother Ruby Stevenson who is 80 Years old. She too has lived in [REDACTED] and the same home for most of her life.

My concerns are regarding the traffic that will be going through Fifield, if no bypass is approved

At present we have major traffic going through Fifield now, these include road trains, cotton trucks, caravans, headers, tractors etc

Since June 2018 to present there has already been 4 traffic incidences, the last involving a road train.

Myself and my elderly mother who I do care for, live on the corner as you enter [REDACTED] town coming from Condobolin road.

Our greatest fear is a truck losing control and crashing into our home.

We would like to put forward our vote for a bypass to lessen the traffic going through Fifield.

We are more than happy to discuss further our views and fears
