Subject: Approval of North Byron Parklands is dangerous and destructive
Date: Wednesday, 28 November 2018 2:39:56 PM

I object to any further expansion of the North Byron Parklands events.
Already the noise and rubbish these thousands of people are wrecking my suburb of 25 years.

The potential for harm to patrons and for damage to the environment and disruption to the community is not worth the so-called economic benefits.
The events produce only a few permanent positions - the rest are casual and only last the length of the events.
The major festivals are majority owned by Live Nation, a US company that is under investigation by the Dept of Justice for serious violation of anti-trust laws.

The current approval allows 10 event days for large, medium, and small music events and 10 days for non-music "minor community events" of up to 1,500 people.
The proposed usage has increased substantially and is now:
5 days for Splendour (35,000-50,000) instead of the usual 3 days
5 days for Falls (35,000) instead of the usual three days
3 days for other events up to 25,000 (could be three one-day events)
2 days for other events up to 5,000 (could be two one-day events)
2 days for non-music focused minor community events

This is a massive increase in use and flies in the face of the 2016 approved modification that was supposedly to allow for more "minor community events".
Those 10 additional "minor community event" days have morphed into 8 additional big-festival days and only 2 "minor community event" days. This is a classic bait-and-switch move.

Already the noise and rubbish these thousands of people are wrecking my suburb of 25 years.

Please leave the wildlife corridor free for wildlife.

Thank you,
Andrew Cox
