TO WHOM IT MAY CONCERN

The feasibility mark has well been overstepped, and in most likelihood, will continue to expand should consent be given. (for example: 5 days for Splendour (35,000-50,000) instead of the usual 3 days)

As a resident residing only a few kms away from the Splendour site on Tweed Valley Road, I strongly object to the proposed figures.

Just to name a few objections: Internet usage in the area becomes overloaded and causes reception delays, the rubbish left on Wooyong Beach is appalling, with still smouldering fires found abandoned next morning.

Yours,

Laura Magyary
