Subject: RD SSD 8169 Nth Byron Parkland Event Site.
Date: Tuesday, 11 December 2018 4:08:47 PM

I am against permanent approval for this site. I also object to further expansion of numbers to 50,000 people and the added 3 days at 25,000 people. Byron Shires infrastructure can not accommodate more tourists. The roads are in very bad conditions and are dangerous. There is a limited rate paying base and no ability to collect a tourist tax. With so many people at more events and the very high rain fall at times eg 600" or 2,520 millimeters in a 6 years between 2008 and 2014 ,the on Site toilet system will have problems . The police need to be on call all over the shire not just at the festivals. The site is also next to a Koala habitat and they we're declared in danger about a week after your department past the extension last time. There are more reasons put I will leave it there.

Yours sincerely Margaret Cox. A rate payer of Byron Shire.
