

UNITED WAMBO OPEN CUT COAL MINE (SSD 7142) AND ASSOCIATED MODIFICATIONS (DA 305-7-2003 MOD 16 & DA 177-8-2004 MOD 3)

7 June 2019

The Independent Planning Commission NSW is continuing its deliberations in this case.

The Commission acknowledges there is significant interest in this State Significant Development application (SSD 7142) and the associated modifications (DA 305-7-2003 MOD 16 & DA 177-8-2004 MOD 3), which has been reflected in the large number of public comments to date, including those received within the seven-day period following the public meeting.

The Commission notes that opportunities have been afforded for all stakeholders to have their say on these matters, including at a public meeting in Singleton on 7 February 2019.

The Commission set a deadline of 14 February 2019 for the community to submit written comments on this proposal.

As a decision is imminent, the Commission will not receive any further comments from any stakeholder – that includes submissions from members of the public.

The Commission's Statement of Reasons for Decision will outline how it has taken the community's views into consideration as part of its determination of this proposal

(END OF STATEMENT)
