Dear Sir,

I believe this extension project should be approved because...

- The project will create up to 99 much-needed new jobs for the local region
- The community will benefit from up to \$95 million in annual benefits
- I support the benefits that mining generates for local and regional businesses in the Hunter
- My Sydney based business is supplier to the mining industry, in particular, in the Hunter Valley region. Without mining in NSW, I would not be employing 10 people.

Regards,
Ben Smit
