Subject: Dartbrook Coal Mine - Modification 7
Date: Monday, 1 April 2019 11:10:28 AM

I believe this extension project should be approved because...

- The project will create up to 99 much-needed new jobs for the local region
- The community will benefit from up to \$95 million in annual benefits
- I support the benefits that mining generates for local and regional businesses in the Hunter

Regards
John Furner
