I am concerned about the impacts Dartbrook Coal Mine will have on Aberdeen and the Upper Hunter Valley in regards to air pollution, water contamination, noise and also visually to the serene views so close to the horse capital of Australia.

Other factors I believe should be considered are seismic affects given the increase in seismic activity around the Hunter Valley mining area. Also farmland for future food and water security should be protected.

Need extra space? You can also attached further pages of your own. Don't forget to fill out the top of this form.
