Subject: NARRAWALLEE DEVELOPER LAND CLEARING.

.Re. MOD3 MP06-0276 MOD3

To whom it may concern.

I strongly object to any further developer concessions or land clearing related to the 'arge subdivision off Leo Drive, Narrawallee.

The current concession under request, to create 6 extra house blocks at the southern end of the subdivision in Carinya St., will destroy a stand of tall trees, which provide shade for the council reserve strip along Seaspray St. The trees are well used by native birds and wildlife.

Sincerely,
hamish richardson
