Hi Anna,

Yes, I can confirm that the inadequacy referred to by Howard Reed has been addressed in Appendix 2 of the package provided to the Commission yesterday.

The receivers Howard referred to are located in the Camberwell area and were the focus of the Appendix 2 updates. The Department has made relevant changes to the acquisitions list at Condition D1 of Part D to the recommended conditions as a result of the updated information (see Appendix 3).

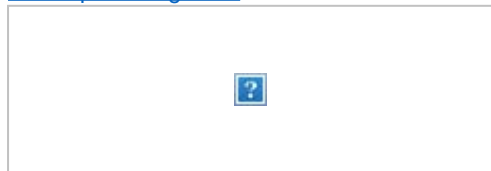

Kind regards,

Matthew

Dear Matt

Thank you for your email yesterday.

We would be grateful if you could confirm that the information made available to the Commission yesterday resolves the previous inadequacy that was identified by the Department on 23 July 2019? (See Howard Reed's attached e-mail).

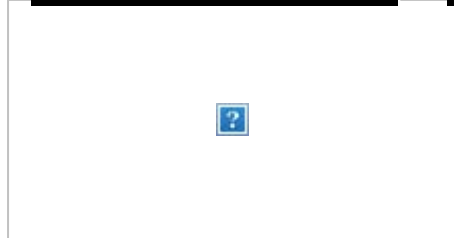

Kind regards
