**Subject:** Ritz Carlton development in Pyrmont  
**Date:** Thursday, 22 August 2019 5:08:05 PM

---

As a resident of Sydney Wharf apartment and an executive member of strata Committee I am 100% in support of the development as Sydney is a world class city and is falling behind in world class development

The vast majority of residents in Our Strata complex which is situated opposites the star are in absolute support for this development to go ahead and many were shocked to hear it was caned. We did attend meetings with the star previously regarding this development and felt that we were all adequately consulted and briefed
