Dear IPC,

Having testified at the recent IPC hearing, I fully support the compelling findings / opinions stated in **The Star Casino MP08\_0098 MOD13 Review of the independent Assessment and Design Advice by Yvonne von Hartel.**

The conclusions as stated by Ms.von Hartel supports the decision by the Planning Commission to reject the Star Casion / Ritz Carlton "Tower" as designed and the proposal to overturn the decision be rejected.

Thank you for your attention to this matter.
