Dear Madam/Sir,

This is to advise you that as a longstanding resident of Sydney for over sixty years I am concerned about the diminishing nature of our skyline.I wholeheartedly support Ms.Harbet's comments on the proposed tower and I support the PAC's rejection of this proposed tower.

There is no doubt that it will diminish the view of the skyline ,dominate its surrounds and the surrounding buildings and impact on the regular view of the skyline in that Pymont area.It is a most inappropriate building for this part of Sydney. And I agree it will be offensive to the eye as it seeks to dominate its neighbouring buildings which would be a fraction of its size.We already have the Blues point Towers which Sydney sides rail against surely we don't need to repeat the same mistakes here.

I support the Dept.of pLanning rejection of the building ,to be appropriate it should be considerably reduced in height .

The Government should reject this conflicting proposal ,

With regards

Virginia Milson
