Dear Ms O'Donnell

Eraring Power Station Ash Dam Expansion MOD 1 Project (D583/19)

On 1 October 2019, the Independent Planning Commission (the **Commission**) received a referral from the Department of Planning Industry and Environment for the Eraring Power Station Ash Dam Expansion MOD 1 Project (D583/19).

In email correspondence to and from the Commission dated 15 October 2019, Centennial Newstan sought confirmation on the following matters.

- Anticipated timeframe for the Independent Planning Commission to open up the Project to receive submissions;
- Confirmation if the Commission intended to hold a public hearing in relation to the Project; and
- Anticipated timeframe for any public hearings to be held.

No response to these matters has been received to date.

Centennial Newstan is an important stakeholder in this Project and is seeking written correspondence from the Commission on the above matters as a priority. Any correspondence regarding these matters should be directed to myself via email to james.wearne@centennialcoal.com.au.

Yours sincerely

James Wearne
