

13 January 2020

Mr Anthony Witherdin Director, Key Sites Assessments Department of Planning, Industry and Environment

By email: Cc:

Dear Mr Witherdin

Intercontinental Hotel Alterations and Additions (SSD-7693) (the Application)

Thank you for your ongoing assistance and correspondence to assist with the Commission's determination of the above Application.

The Commission is considering some suggested amendments to the Department's recommended conditions (see the tracked changes document included at **Attachment A**), and now seeks comments from the Department on their workability and whether there would be any unintended consequences.

The Commission would greatly appreciate a response to this by close of business **Wednesday 15 January 2020**.

If you have any questions, please contact Casey Joshua, Senior Planning Officer, on or at

Yours sincerely

Heather Warton

Director Planning

Independent Planning Commission

Attachment A – Draft Development Consent (track changes)

Development Consent

Section 4.38 of the Environmental Planning and Assessment Act 1979

The Independent Planning Commission (the Commission), as the declared consent authority under clause 8A of the State Environmental Planning Policy (State and Regional Development) 2011 and section 4 5(a) of the Environmental Planning and Assessment Act 1979 approves the development application referred to in Schedule 1, subject to the conditions in Schedule 2.

These conditions are required to:

- · prevent, minimise, or offset adverse environmental impacts;
- · set standards and performance measures for acceptable environmental performance;
- require regular monitoring and reporting; and
- provide for the ongoing environmental management of the development

SCHEDULE 1

Application Number: SSD 7693

Applicant: Mulpha Pty Australia Ltd

Consent Authority: The Independent Planning Commission

Site: 115-119 Macquarie Street and 99-113 Macquarie Street, Sydney (Lot 3 DP 785393, Lot 40 DP 41315 and Lot 4 DP

785393)

Development: InterContinental Hotel Concept development application (Stage 1) to: establish building envelopes to facilitate internal

and external alterations and additions.

 establish building envelopes to facilitate external alterations and additions, including

additions to he northern and eastern elevations of the Intercentinental Hetel (including new plant enclosure and wellness centre at Levels 8 to 9 and a grand ballroom at Levels 10 to 12) extending ever part of Transport House and the existing hetel podium, including the former NSW Treasury building alterations to the roof of he hetel tower, including

 alterations to the roof of he hotel tower, including expansion of the club lounge and torrace at Levels 31.32

NSW Government Independent Planning Commission InterContinental Hotel SSD 7693

1

internal alterations and upgrade works to the Intercentinental Hetel (for areas listed as a State Heritage item)

DEFINITIONS

Advisory Notes	Advisory informa ion relating to the consent but do not form a part of this consent	
Amended Concept	The amendments to the Application submitted to the Independent Planning Commission by Mulpha Australia Ltd and dated on 19 December 2019, including amended concept development application drawings prepared by Woods Bagott dated 17 December 2019	
Applicant	Mulpha Pty Australia Ltd, or any person carrying out any development to which his consent applies.	
Application	The development application and the accompanying drawings plans and documentation described in Condition A3A4.	
Certifying Authority	A person who is au horised by or under section 6.17 of the EP&A Act to issue Part 6 certificates	
Conditions of this consent	Condi ions contained in Schedule 2 of this document	
Construction	The demolition and removal of buildings or works, the carrying out of works for he purpose of the development, including bulk earthworks, and erec ion of buildings and other infrastructure permitted by this consent.	
Council	City of Sydney Council	
Department	NSW Department of Planning, Industry and Environment	
Development	The development described in the EIS, RtS, RRtS and the Amended Concept and Response to Submissions, and subsequent amendments including the works and activities comprising construction and operation of the private hospital, as modified by the conditions of this consent.	
Environmental Impact Statement	The Environmental Impact Statement titled Environmental Impact Statement State Significant Development Staged Development Application Department of Planning and Environment Reference: SSD 7693 prepared by BBC Consul ing Planners, dated August 2017, submitted wi h the application for consent for he development, including any additional information provided by the Applicant in support of he application	
EP&A Act	Environmental Planning and Assessment Act 1979	
EP&A Regulation	Environmental Planning and Assessment Regulation 2000	
Future Development Application(s)	Subsequent development applica ion(s) for detailed proposal(s) pursuant to this consent in accordance wi h the EP&A Act	
Heritage Division	Heritage Division of the Department of Premier and Cabinet (former Heritage Division of he Office of Environment and Heritage)	
IC Hotel	The Intercontinental Hotel at 115-119 Macquarie Street	
IC Hotel podium	The podium component of the IC Hotel	
IC Hotel tower	The tower component of he IC Hotel	
Macquarie Lane	A pedestrianised no-hrough lane that separates he Treasury Buildings and he eastern half (Macquarie Street wing) of Transport House	
Minister	Minister for Planning and Public Spaces (or delegate)	
<u>Modification Assessment</u>	The document assessing he environmental impact of a proposed modification of this consent and any other informa ion submitted with any modification applications made under the EP&A Act	
NCC	National Construction Code	
Planning Secretary	Planning Secretary under the EP&A Act, or nominee	
Planning Secretary's approval, agreement or	A written approval from he Planning Secretary (or nominee/delegate). Where he Planning Secretary's approval, agreement or satisfaction is required under a condition of this consent, he Planning Secretary will endeavour to provide a	

satisfaction	response within one month of receiving an approval, agreement or sa isfaction request. The Planning Secretary may ask for additional information if the approval, agreement or satisfaction request is considered incomplete. When further information is requested, he time taken for the Applicant to respond in writing will be added to the one month period.		
Reasonable	Means applying judgement in arriving at a decision, taking into account: mitigation benefits, costs of mitigation versus benefits provided, community views, and he nature and extent of poten ial improvements.		
Response to submissions	The Applicant's response to issues raised in submissions received in relation to he application for consent for the development under he EP&A Act.		
Response to Submissions (RtS)	Response to Submissions titled Response to Submissions Staged Development Application Department of Planning and Environment Reference: SSD 7693 prepared by BBC Consul ing Planners, dated May 2018		
Response to Submissions Addendum (RRtS)	Response to Submissions Addendum titled Addendum to Response to Request for additional information prepared by BBC Consulting Planners, dated 1 March 2019		
Sensitive receiver	Residence, education institution (e.g. school, university, TAFE college), health care facility (e.g. nursing home, hospital), religious facility (e.g. church) and children's day care facility		
Subject Site	115-119 Macquarie Street and 99-113 Macquarie Street, Sydney (Lot 3 DP 785393, Lot 40 DP 41315 and Lot 4 DP 785393)		
TfNSW	Transport for NSW		
Treasury Buildings	The former NSW Treasury Building, including the original Treasury Building, he nor hern wing extension (Strong Room and Link Building), the western wing extension, a covered internal courtyard (cortile)		
Transport House	Transport House at 99-113 Macquarie Street		
Transport House Building Envelope	The building envelope located Reeftop addition above Transport House, extending over part of Macquarie Lane and the western parapet of the former NSW-Treasury Buildings Strong Room Building and rooftop addition on the IC Hotel podium of hetel-immediately east of the exis ing IC hotel tower between the cortile roof and western façade of the Treasury Buildings Strong Room.		

SCHEDULE 2

PART A ADMINISTRATIVE CONDITIONS

OBLIGATION TO MINIMISE HARM TO THE ENVIRONMENT

A1. In addition to meeting the specific performance measures and criteria in this consent, all reasonable and feasible measures must be implemented to prevent, and if preven ion is not reasonable and feasible, minimise, any material harm to be environment hat may result from the construction and operation of the development, and any rehabilita ion required under this consent.

DETERMINATION OF FUTURE DEVELOPMENT APPLICATIONS

- A2. In accordance with section 4.22(1) of he EP&A Act all development under the concept development application is to be the subject of a subsequent development application(s).
- A3. The determination of a future development application(s) are to be consistent with the terms of development consent SSD 7693 as described in Schedule 1 and subject to the conditions in Part A. Part B and Part C, Schedule 2

TERMS OF CONSENT

- A4. The development may only be carried out:
 - (a) in compliance with he conditions of his consent;
 - (b) in accordance with all written directions of he Planning Secretary;
 - (c) in accordance with the EIS, and RRtS, and Amended Concept;
 - (d) in accordance with the approved plans in the table below, except as amended by the conditions of this consent:

SECTIONS		SECTIONS	SECTIONS

- A5. Consistent with he requirements in this consent, the Planning Secretary may make written directions to he Applicant in relation to:
 - (a) he content of any strategy, study, system, plan, program, review, audit, notification, report or correspondence submitted under or otherwise made in relation to this consent, including those that are required to be, and have been, approved by the Planning Secretary; and
 - (b) he implementation of any actions or measures contained in any such document referred to in (a) above.

The conditions of this consent and directions of the Planning Secretary prevail to the extent of any inconsistency, ambiguity or conflict between them and a document listed in condition or in the event of an inconsistency, ambiguity or conflict between any of he documents listed in Schedule 2, condition A4, he most recent document prevails to the extent of the inconsistency, ambiguity or conflict.

Note: For the purposes of this condition, there will be an inconsistency between documents if it is not possible to comply with both documents, or in the case of a condition of consent or direction of the Planning Secretary, and a document, if it is not possible to comply with both the condition or direction, and the document.

INCONSISTENCY BETWEEN DOCUMENTS

A6. If there is any inconsistency between the plans and documentation referred to above the most recent document must prevail to the extent of the inconsistency. However, conditions of this consent prevail to the extent of any inconsistency. Where here is an inconsistency between approved elevations and plans, the eleva ions prevail.

LAPSING OF APPROVAL

A7. This consent will lapse five years after the date of consent unless a development application has been approved and works have physically commenced.

MATTERS NOT APPROVED

A8. The following matters are not approved and do not form part of this consent.

- internal works not wi hin State Heritage listed areas of he site
- any demolition
- any excavation
- any construction.

LEGAL NOTICES

A9. Any advice or notice to he consent authority is to be served on the Planning Secretary.

BUILDING ENVELOPES

- A10. The Transport House Building Envelope must have he following se backs consistent with the approved plans in he table identified in Condition A4(d) and as amended by Condition B5:
 - a) a 20 m 30 m setback from Macquarie Street-
 - b) a 8 5 m setback Ffrom Phillip Street, the Transport House Building Envelope must be part 3 m and part 8 5 m setback Ffrom Phillip Street, the Transport House Building Envelope must be part 3 m and part 8 5 m sensition twith the approved plans in the table identified in Condition A4 (d). A minor reduction in the 30 m setback from Macquarie Street is permitted as part of a future development application only if a competitive design process has been undertaken and the development exhibits design excellence.
- A11. Note refer to Conditions B2-<u>B4B5</u> and C1_<u>C1A</u> and C2 in respect to building envelopes, <u>amendments to building envelopes</u>, <u>built form and design quality and design excellence</u>.

END OF PART A

NSW Government Independent Planning Commission InterContinental Hotel SSD 7693 Commented [WU1]: Sections required from the Applicant

PART B CONDITIONS TO BE SATISIFED PRIOR TO LODGEMENT OF FUTURE DEVELOPMENT APPLICATIONS

PLANNING SECRETARY'S ENVIRONMENTAL ASSESSMENT REQUIREMENTS

B1. Prior to the lodgement of future development applications related to this consent, the Applicant must seek Planning Secretary's Environmental Assessment Requirements (SEARs).

DESIGN EXCELLENCE AND COMPETITIVE DESIGN PROCESS

- B2. Prior to the lodgement of the first development applica ion, a competi ive design process must be undertaken in accordance with the provisions of Sydney Local Environmental Plan 2012 and the City of Sydney Competitive Design Policy.
- B3. The competi ive design process is to be undertaken in accordance with a Design Excellence Strategy prepared in consultation with the Government Architect NSW. The Design Excellence Strategy must have regard to Condition C1 Built form and design quality, <u>C1A Transport House Cantilever Over Macquarie Lane</u> and Condition C2 Design Excellence, Conditions C3-C5 Heritage, Conditions C6-C8 Structural Design and other relevant conditions in Part C of his consent. The Design Excellence Strategy shall also outline how any minor intrusion into the 30 m Macquarie Street can achieve a better design outcome having regard to heritage, visual and streetscape impacts, han a compliant development.
- B4. The detailed design of he development must exhibit design excellence, as per clause 6.21 of Sydney Local Environmental Plan 2012.

AMENDMENTS TO THE CONCEPT PROPOSAL DRAWINGS

- B5. Prior to he lodgement the first development application, revised concept proposal drawings shall be submitted to, and approved by, the Planning Secretary that provide for an amended Transport House building envelope that is located solely above the roof of Transport House (except where it connects to the IC Hotel tower northern facade). In this regard the revised concept drawings shall include the following amendments:
 - a) deletion of he ballroom lobby/access component of he Transport House building envelope that is located above the IC Hotel podium and between the IC Hotel tower eastern facade and rear of he Treasury Buildings Strong Room
 - deletion of the component of he Transport House building envelope that can ilevers over Macquarie Lane, the IC Hotel podium and Treasury Buildings.

Notwithstanding condi ion B5(b) above, the Transport House building envelope may be permitted to cantilever over Macquarie Lane as part of future development application(s) where the requirements of Condi ion C1A have been met

PART C. PART C CONDITIONS TO BE SATISFED IN FUTURE DEVELOPMENT APPLICATIONS

BUILT FORM AND DESIGN QUALITY

- C1. The future development applica ion(s) must ensure that the development achieves a high-quality design and:
 - a) reduces the bulk and scale of the rooftop addition (Transport House Building Envelope) and minimises visual and heritage impacts
 - maintains the visual prominence of he existing heritage buildings on the site and Macquarie Street streetscape, and the legibility of their composition, architectural style, form and features
 - he architectural expression of the rooftop additions must present as a contemporary and complementary projec ion of the existing building and be visually subservient to the existing heritage buildings and streetscape
 - he materials and composition of the facades are to respect and be submissive to the heritage sandstone facades
 - e) street activation strategies need to minimise physical and visual impacts
 - f) new balustrades within the Cortile arcade spaces should be designed to be reversible
 - g) changes to the Strong Room should be minimised
 - h) any proposed awning/canopy within Macquarie Lane and/or at the comer of Phillip and Bridge Streets shall:
 - i) demonstrate that it does not have an unacceptable visual or heritage impacts
 - ii) avoid additional structure attached to heritage listed buildings;
 - iii) avoid drainage of the canopy towards heritage facades and associated potential overflow onto he heritage facades
 - iv) avoid fixings, chasings and inser ions into the facades of heritage items
 - v) demonstrate that any final design of the awning/canopy wi hin to he existing laneway Macquarie Lane should be is recessive in scale
 - vi) minimise impacts on existing street trees.
 - i) includes a view analysis supported by artist's perspectives and photomontages
 - j) considers the impacts of any overshadowing
 - k) a qualified and experienced heritage consultant shall be engaged to provide input into the detailed design resolu ion to minimise impacts to heritage values and to ensure the detailed design is consistent with he endorsed Conserva ion Management Plan policies and guidelines.

TRANSPORT HOUSE CANTILEVER OVER MACQUARIE LANE

- C1A. The cantilevering of the Transport House building envelope over Macquarie Lane is only permitted as part of Future Development Application(s) when the following three conditions are met:
 - a) a competitive design process has been undertaken in accordance with Conditions B2 to B4 and he development has been demonstrated to exhibit design excellence;
 b) it has been demonstrated that the cantilevering of a Transport House roof extension over Macquarie Lane
 - b) It has been demonstrated that the cantilevering of a Transport House roof extension over Macquare Lane (hat meets he requirements of Condition C1A above) would not have adverse visual or heritage impacts and is consistent with the CMP endorsed by the NSW Heritage Council (Condition C3); and
 - no part of a Transport House roof extension shall be located over/above any part of Treasury House or the IC Hotel podium.

Note: Condition C1A does not permit he cantilevering of a Transport House roof addition over any part of he IC Hotel podium or the Treasury Buildings.

DESIGN EXCELLENCE

- C2. The future development applica ion(s) must demonstrate design excellence having regard to the following matters
 - a) a high standard of architectural design, materials and detailing appropriate to he building type and location
 - he form and external appearance of he proposed development to improve the quality and amenity of he public domain
 - c) how the proposed development addresses

- i) any heritage and archaeological issues and streetscape constraints or opportunities
- ii) an increased appreciation and integration of heritage values of he site into the design and operation of the development
- the bulk, massing and modulation of the building within the approved envelope including street frontage heights
- environmental impacts such acous ic privacy, solar access to buildings and public spaces, noise, wind impacts on surrounding areas and reflec ivity
- v) the achievements of ecologically sustainable development
- vi) pedestrian, cycle, vehicular and service access and circula ion requirements, including he permeability of any pedestrian network
- vii) the impact on, and any proposed improvements to the public domain
- viii) achieving appropriate interfaces at ground level between the building and the public domain
- ix) innovation in design and delivery

HERITAGE

- C3. The future development applica ion(s) must comply with the Conservation Management Plans (CMPs) for the former NSW Treasury Building endorsed by he NSW Heritage Council and for Transport House endorsed by the City of Sydney. Future development applications must not be lodged until the CMPs have been endorsed.
- C4. The future development applica ion must include a Heritage Impact Assessment, including a schedule of conserva ion and restora ion works to significant spaces and elements of both heritage buildings on he site and a Heritage Interpretation Strategy for he proposed works.
- C5. In order to eliminate or minimise the Transport House roof addition's impact on significant heritage internal fabric and space, the addition must not introduce new bracing structure or unsympathe ically alter existing structure and fabric to achieve seismic resistance compliance.
- C5.C6. Prior to the lodgement of the future development application, the Applicant shall consult with the City of Sydney Council and Heritage Division to ensure the proposal is appropriately designed to minimise heritage and visual/streetscape impacts.
- C6 The external refurbishment of the hotel tower should be designed with input from a suitably qualified horitage consultant to ensure that the final design in terms of materiality, reflectivity and solour, mitigate the existing impact of the structure on the heritage buildings and other heritage items in the vicinity by enhancing the setting of these items.

STRUCTURAL DESIGN

- C7. The future development applica ion for new built form must include a detailed structural design report prepared by a Structural Engineer with experience in heritage buildings documenting investiga ions into the condition and structural performance of the former NSW Treasury building and Transport House to determine the most efficient structural solution to achieving seismic performance, which minimises invasive construction works and impact on he heritage significance of both buildings.
- C8. The structural design report must include details of all construction and building works associated with the preferred solution, and a detailed strategy for structural, fire safety and building services upgrades and the alternatives considered and initiatives applied to minimise disturbance to the historic fabric both internally and externally to both heritage buildings.
- C9. The structural design report shall be accompanied by a detailed Heritage Impact Assessment prepared by a suitably qualified heritage consultant (see condition C3) in consultation with the NSW Heritage Council and Council.

INTERNAL WORKS

C10. Detailed guidelines for necessary upgrades to comply with he National Construction Code shall be developed in consultation with the NSW Heritage Council prior to the detailed design of the new built form for internal works to heritage areas.

ENVIRONMENTAL PERFORMANCE

C11. Future development application(s) must demonstrate he incorporation of Ecological Sustainable Development principles in he design, construction and ongoing operation phases of the development in accordance with the ESD report prepared by Energy Action dated 24 October 2016.

TRAFFIC AND TRANSPORT

- C12. Future development application(s) shall provide bicycle access and servicing in accordance wi h Sydney Development Control Plan 2012.
- C13. Future development application(s) shall include a Loading Management Plan prepared in consultation with the Sydney Coordination Office within TfNSW to manage loading and servicing that will detail servicing requirements including:
 - a) forecast freight and servicing traffic volumes by ime of day
 - b) management of competing demands between the function space and hotel
 - management of incidents at the access to he loading dock.
- C14. Future development application(s) shall include a draft porte-cochere management plan prepared in consultation with the Sydney Coordination Office within TfNSW to manage vehicles accessing the hotel (both hotel and function guests) to ensure hat queuing does not occur to Phillip Street that will detail:
 - a) forecast traffic volumes accessing the porte-cochere by time of day
 - b) he details on how the area within the porte-cochere will be used to accommodate the forecast demand.

CONSTRUCTION IMPACTS

- C15. Future development application(s) shall provide analysis and assessment of the impacts of construction and include:
 - a) a Construction Transport Management Plan, addressing traffic and transport impacts during construction
 - b) cumulative Construction Impact Assessment (i.e. arising from concurrent construction activity)
 - c) a Noise and Vibra ion Impact Assessment, addressing noise and vibration impacts during construction
 - d) a Community Consultation and Engagement Plan, addressing complaints during construction
 - e) a Construction Waste Management Plan, addressing waste during construction
 - f) an Air Quality Management Plan, addressing air quality during construction
 - g) Water Quality Impact Assessments and an Erosion and Sediment Control Plan (including water discharge considera ions) in accordance with 'Managing urban stormwater, soils and construction (Landcom 2005)'.

The plans referred to above may be prepared as part of a construc ion environmental management plan, which is prepared and implemented under he conditions of any consent granted by future development applications.

TRAFFIC, ACCESS AND CAR PARKING

- C16. Future development application(s) shall be accompanied by a detailed assessment of parking, traffic and transport impacts wi hin the site and to the surrounding road and pedestrian networks. The assessment is to include mi igation measures and recommenda ions on intersection and infrastructure upgrades where this is deemed necessary.
- C17. Future development application(s) shall be accompanied by Green Travel Plan that promotes the use of public transport and other sustainable modes of transport by employees.
- C18. Future development application(s) shall be accompanied by a draft Construction Traffic Management Plan including, but not limited to, the following:
 - a) cumulative construction impacts of all projects adjacent to he site;
 - assessment of traffic and transport impacts during construction and how these impacts will be mitigated for any associated traffic, pedestrians, cyclists and public transport opera ions; and
 - vehicle routes, number of trucks, hours of operation, access arrangements and traffic control measures for all construction ac ivities.

NOISE IMPACT ASSESSMENT

C19. Future development application(s) shall include a Noise Impact Assessment hat identifies background noise levels, noise impacts, vibration impacts, and affected sensitive receivers and includes appropriate modelling and required mitiga ion/management measures for construction and opera ion of the development. The NIA must be undertaken by a suitably qualified acoustic consultant and generally be in accordance with the provisions of the EPA's Noise Policy for Industry, Interim Construction Noise Guideline and Assessing Vibration: A Technical Guideline.

C20. The recommenda ions of the Intercontinental Hotel Sydney Noise Impact Assessment, prepared by Acoustic Logic and dated 16 November 2016 are to be incorporated into the design detail in he future development application for he design and construction of the future addition within the building envelope.

WASTE MANAGEMENT

C21. Future development application(s) shall include a Waste Management Plan.

END OF PART C

ADVISORY NOTES

APPEALS

AN1 The Applicant has he right to appeal to the Land and Environment Court in he manner set out in the EP&A Act and he EP&A Regulation (as amended).

RESPONSIBILITY FOR OTHER CONSENTS / AGREEMENTS

AN2 The Applicant is solely responsible for ensuring that all additional consents and agreements are obtained from other authorities, as relevant.
