

GLENDALL COAL MINE (MOD 4)

7 February 2020

The Independent Planning Commission NSW is presently considering Glendell Coal Mine – Modification 4.

The Commission held a public meeting in Singleton yesterday (Thursday 6 February 2020) to listen to the community's views on this Modification Application. As part of its determination process, the Commission will accept written comments up until 5pm AEDT on Thursday 13 February 2020.

The Modification Application presently before the Commission is separate to the Glendell Continued Operations Project, which is currently being assessed by the Department of Planning, Industry & Environment.

Public submissions in relation to that matter should be sent to the Department. For more information, please visit the Department's website:

<https://www.planningportal.nsw.gov.au/major-projects/project/10086>.

Please note that the Commission has no involvement in the Glendell Continued Operations Project at this stage and, as such, is not accepting comments or submissions in relation to the Project.

When the Commission finalises its determination of the Modification Application, it will publish a Statement of Reasons for Decision which will outline how the Commission took the community's views into consideration.

(END OF STATEMENT)
