Subject: Submission to the IPC regarding Whitehaven Coal's Vickery Extension Project
Date: Tuesday, 14 July 2020 3:57:31 PM

Dear Sir/Madam

I am making a submission opposing the Vickery Extension on the grounds that:

- The economic benefit of jobs and supply has been overestimated and, being based on fossil fuel, will not provide sustainable gains to the local and state economy
- Damage to the Liverpool Plains as an agricultural and ecological resource by compromising the aquifer will be irreversible
- Whitehaven has previously demonstrated that it is not focused on adhering to regulations and controls relating to water use

Yours faithfully
