**'Montana', 281 Mountain View Road [NAD #]**

**IPC Presentation, Speaker #54, 1<sup>st</sup> February 2024**

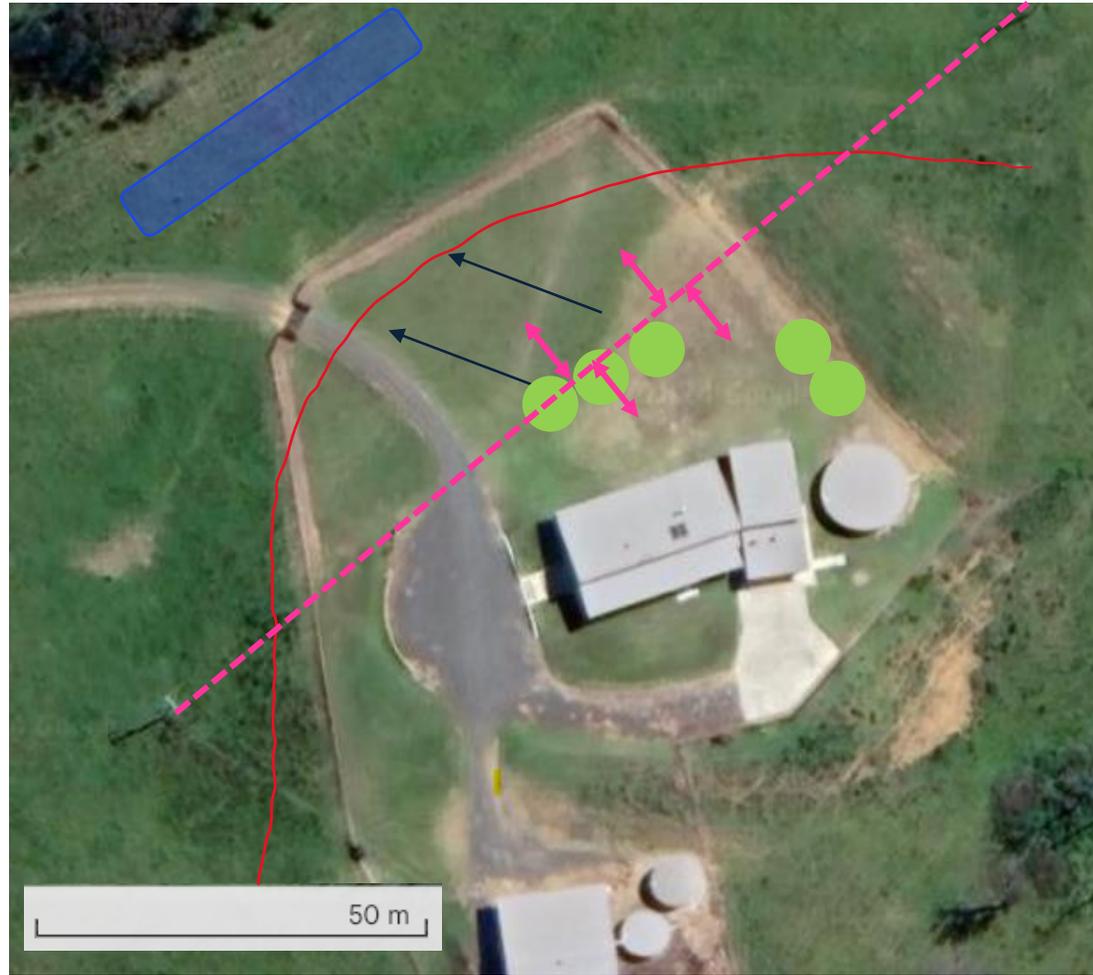

# Visual impact

○ 6 high visual impact turbines – 16, 18, 20, 21, 25 & 26

Support removal of turbines 9, 10, 11, 24 & 28

# Proposed mitigation is not reasonable nor feasible

Legend:

----- Power line

↔ 10m limitation for tree planting

— Telstra line (underground)

→ Steep fall off towards existing tree line

▭ Feasible zone for planting: 8-10m drop from house

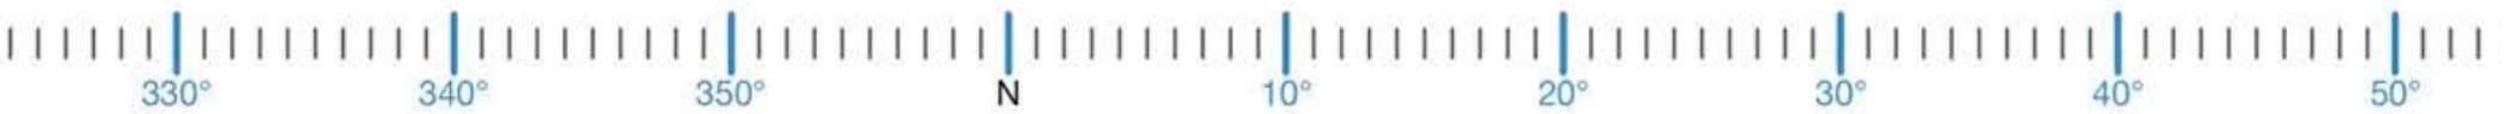

●● Screening proposed by proponent

# Proposed mitigation is not reasonable nor feasible

Required screening coverage

Required screening coverage

# Bushfire and related impact

*Image: 30 December 2019, taken from veranda at  
281 Mountain View Road*

# Requesting the removal of additional 6 turbines from southern edge of Project Area

1

Significant visual impact

2

Mitigation is not reasonable or feasible

3

Increased risk and impact of bushfire

Requesting removal of six high visual impact turbines – 16, 18, 20,21, 25 & 26

Support removal of turbines 9, 10, 11, 24 & 28 due to visual and environmental impact
