Subject: Amendment of Application

Dear Mr Mounsey

I refer to your amendment letter dated 3 May 2024, which was submitted in accordance with the *Environmental Planning and Assessment Regulation 2021* (the Regulation) for the Dubbo Firing Power Station (SSD-28088034).

The amendment letter has requested that the construction and operation of the 66kV power line from the project site to the Essential Energy Substation be removed from the development application.

Accordingly, I as delegate of the Independent Planning Commission approve the application for the amendment.

If you have any questions, please contact Brittany Golding on 02 9995 5742 or via email at
