*I don't believe sufficient consultation with the surrounding community has been given. I have only recently found out about the proposed development through news articles.*

*I believe that the close proximity of the development to a neighboring city (within 1km) is grossly inadequate considering all other solar farms are more than 6km away from other towns.*

*The solar farm will be an eye sore and will take away greatly from the picturesque scenery throughout Wallaroo.*

*In general, I am opposed to the solar farm.*
