*I object to the Wallaroo Solar Farm due to it's proximity to my family home in Dunlop, which is around 1 kilometer away from the proposed area.*

*The potential risks and hazzards including fire and pollution are concerning. I also believe the development will have a negative impact on the rural character of the area and could decrease property value for many residents.*

*It appears that ACT residents have not been approached by the proponent, suggesting a total lack of consideration of the concerns and welfare of Dunlop and MacGregor residents.*
