To the NSW Independent Planning Commission,

Re: Letter of support from Neighbours of the Spicers Creek Wind Farm (SSD-41134610)

We, the undersigned, live within close proximity to the proposed Spicers Creek Wind Farm¹. Starting from late 2019, we have been consulted on the design and the impacts of the project on an ongoing basis. Through negotiated agreements with Spicers Creek Wind Farm Pty Ltd, we accept the impacts of the development as submitted, and are in support of the development application.

The project will provide financial and other benefits to the community through initiatives such as:

- Upgrades to local roads and intersections in the vicinity of the project
- Jobs and economic benefits to the local and regional economies
- Council Planning Agreements
- Sponsorships
- Community and Employment Benefit Program (funded by access fees paid to EnergyCo)
- An increase in business opportunities and training in the region
- Better options for connectivity through Squadronlink
- Community investment opportunities

Importantly, once operating, this 700 MW wind energy project will make a significant contribution to achieving the NSW and Federal Governments' renewable energy targets.

Regards,

Hi Tony,

I have been informed that we can fill out your details as supporters based on your email, which we will attach to the submission.

Are you and Penny happy to provide your names (if not, they will be redacted for the public record)?

Regards, Kristy

Hi Kristy

I hope you are well.

I believe there is a signing tomorrow down at the hall.

I am more than happy to sign however I am really unwell at the moment with a cold and I am not up to going out.

Would it be possible to sign via docusign or if you wanted to post them to me and I can sign and send back to you if that would be ok?

Thank you

Hi Kristy

Not sure how much detail on this you need. Other than copy and pasting the entire letter of support, I thought this might do.
