Topic 1. Sustainability of current and future forestry operations in NSW

Please save native hardwood forests

Topic 2. Environmental and cultural values of forests, including threatened species and Aboriginal cultural heritage values

They are precious, and dwindling rapidly

Topic 3. Demand for timber products, particularly as relates to NSW housing, construction, mining, transport and retail

Please find alternatives

Topic 4. The future of softwood and hardwood plantations and the continuation of Private Native Forestry in helping meet timber supply needs

Native forests should be protected

Topic 5. The role of State Forests in maximising the delivery of a range of environmental, economic and social outcomes and options for diverse management, including Aboriginal forest management models

Protect the forests

Topic 6. Opportunities to realise carbon and biodiversity benefits and support carbon and biodiversity markets, and mitigate and adapt to climate change risks, including the greenhouse gas emission impacts of different uses of forests and assessment of climate change risks to forests

Protect the forests
