I adamantly oppose this proposal/project. I cannot count the reasons why.

Number 1, we have already had major publicity in Australia about the rise in Cancers from 'forever plastics' in our water.

2) it will impact all surrounding towns by water contamination, airborne, and in our soil for growing foods.

3) the location is dangerously near residents, schools, small business and our children.

4) the extra traffic has major implications...

Dangerous and NO!
