I have serious concerns about the proposed development of the Moss Vale Plastics Recycling Facility. They are as follows:

- * Environmental impact with the possible contamination of the waterways on and around the facility.*
 - * Incorrect location of the facility close to residential areas.*
 - * Noise problems with heavy truck traffic at all times to and from the site.*
 - * No infrastructure to handle the traffic generated in the location.*
 - * Short-sighted view by bureaucrats of the long-term impacts of having this facility in this beautiful rural area.*
-
